SCHOOL OF ENGINEERING AND
TECHNOLOGY

School of Engineering and Technology

“Building The Future, One Student At A Time”

Adamas University offers a transformative educational experience that emphasizes curiosity, creativity and collaboration, helping students to reach their professional goals.

The School of Engineering and Technology at Adamas University is home to best-in-class labs and a centre of excellence that cultivates student interests and affords them with opportunities to do high-level research with a progressive faculty. It focuses on problem-solving, leadership, communication, and interpersonal skills, as well as personal health and well-being making its students

capable of strengthening their professional focus whilst promoting a global vision.

Excellence Is In Our DNA

Ranked as one of the best Engineering Schools in Bengal and East India by Times Engineering Survey 2019, Adamas School of Engineering and Technology is home to some of the most innovative engineering programs and application focused education delivery.

Be At The Forefront Of Innovative Excellence With An Engineering Degree From Adamas University

Electronics and Communication Engineering

- B.Tech in Electronics & Communication Engineering
- B.Tech ECE (Hons.) with Specialisation in IoT & Embedded Systems
- B.Tech ECE (Hons.) with Specialisation in Robotics
- B.Tech with Specialisation (Hons.) in Electrical Vehicle Engineering
- B.Tech in Electronics & Communication Engineering (Lateral Entry)
- B.Tech with Diploma Programs
- B.Tech with Minor Programs
- M.Tech in Electronics & Communication Engineering
- M.Tech with Specialisation in IoT and Embedded Systems
- M.Tech in VLSI Design
- PhD in Electronics & Communication Engineering

Electrical Engineering

- B.Tech in Electrical Engineering
- B.Tech with Specialisation (Hons.) in Sustainable Energy
- B.Tech with Specialization (Hons.) in Electric Vehicle Engineering
- B.Tech in Electrical Engineering (Lateral Entry)

- B.Tech with Diploma Programs
- B.Tech with Minor Programs
- M.Tech in Power and Energy Systems
- PhD in Electrical Engineering

Computer Science and Engineering

- B.Tech in Computer Science & Engineering
- B.Tech CSE (Hons.) with Specialisation in Artificial Intelligence & Machine Learning
- B.Tech CSE (Hons.) with Specialisation in Cyber Security & Forensics
- B.Tech CSE (Hons.) with Specialisation in Blockchain
- B.Tech in Computer Science & Engineering (Lateral Entry)
- B.Sc. in Computer Science
- BCA
- BCA with Specialisation in Gaming Automation
- BCA with Specialisation in Banking, Financial Services & Insurance
- M.Tech in Computer Science & Engineering Engineering
- M.Tech with Specialisation in Artificial Intelligence & Machine Learning
- MCA
- PhD in Computer Science

Mechanical Engineering

- B.Tech in Mechanical Engineering
- B.Tech (Hons.) with Specialisation in Design Engineering
- B.Tech in Mechanical Engineering (Lateral Entry)
- B.Tech with Diploma Programs
- B.Tech with Minor Programs
- M.Tech in Mechanical Engineering
- M.Tech in Design Engineering
- PhD in Mechanical Engineering

Bio-Medical Engineering

- B.Tech in Bio-medical Engineering
- B.Tech with Diploma Programs
- B.Tech with Minor Programs

Top Recruitment Partners

Our recruitment partners provide Adamas students the opportunity to make industry visits, gain work experience through summer internships along with offering full-time employment every year.

Civil Engineering

- B.Tech in Civil Engineering
- B.Tech in Civil Engineering (Hons.) with Specialisation in Smart Infrastructure Management
- B.Tech in Civil Engineering (Lateral Entry)
- B.Tech with Diploma Programs
- B.Tech with Minor Programs
- M.Tech in Structural Engineering
- M.Tech in Environmental Engineering
- M.Tech in Construction Engineering & Management
- PhD in Civil Engineering

The Adamas Advantage

Student Mentoring System

Every engineering student has access to qualified and highly experienced tutors who provide continuous mentorship via Q&A and one-on-one sessions, email guidance and more.

Learn Through Experiential and Project-based Learning

Students can select from a variety of Capstone Projects where they are exposed to new technology gaining expertise through hands-on experimental learning.

Access Inter-Disciplinary Research Centres

Students participate in the Centre of Bio-Computing and Waste to Wealth research centres that aid in the integration of concepts, and theories through specialized knowledge in disciplines to advance fundamental understanding.

Facilities & Infrastructure

Adamas University provides a unique 120 acres green campus experience to its students along with state-of-the-art facilities and cutting-edge infrastructure.

Career Development

The Career Development Cell (CDC) at Adamas regularly organises recruitment drives with various service industries, core sector organizations, PSUs, and well-known private establishments.

Dr Ashwini Kumar Sharma

Dean, School of Engineering & Technology

Prof. Ashwini Kumar Sharma is a dynamic leader, professional mentor and coach with a rich experience of 20+ years in engineering education. He holds Ph.D. in Supply chain management and certified for CMI level 5 in Management & Leadership from Chartered Management Institute, UK.

Engineering is either creating new or innovating in the existing solutions by considering different aspects of science, nature and philosophy for the betterment of society.

Students Speak

Poulami Paul

Department of Computer Science and Engineering 2015-2019 Batch

“I am thankful to all my teachers in the Engineering department at Adamas who have spent hours with me when I needed support and mentorship. The exposure to different learning styles and studying on a campus-based university far from a bustling city was an enjoyable experience.”
