Ref No: AU/REG/NOT/2023/07/012-A

Date: 31.07.2023

**Notification**

**Sub: Implementation of NEP Guidelines::2020**

The undersigned is directed to notify that, implementation of NEP 2020 compliant Adamas University Curriculum and Credit Framework for Undergraduate Programs.

  
Registrar

To,

- All Employees of Adamas University
- All Students of Adamas University

Copy to,

1. Hon'ble Chancellor
2. Hon'ble Vice Chancellor
3. President, Chancellor's Office
4. Pro-Vice Chancellor(s)
5. Office of the Chancellor
6. All Deans
7. Vice President, Chancellor's Office
8. All Directors
9. Controller of Examinations
10. CFO
11. All HODs
12. Law Officer
13. Deputy Librarian
14. Chief Technology Officer
15. Head, Student Facilitation Center
16. Assistant Registrar (Academics)
17. Chief Hostel Warden
18. Hostel warden (Girls & Boys)
19. Accounts Officer
20. Assistant Registrar-HR
21. Office File

## Guidelines for Implementation of NEP 2020 Compliant Programmes

### Adamas University Curriculum and Credit Framework for Undergraduate Programme 2023

#### 1. Introduction

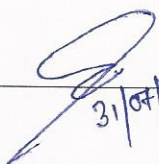

The Government of India announced the National Education Policy-2020 (NEP 2020) in July 2020. NEP 2020 states that quality higher education “must enable an individual to study one or more specialized areas of interest at a deep level, and also develop character, ethical and Constitutional values, intellectual curiosity, scientific temper, creativity, spirit of service, and twenty-first century capabilities across a range of disciplines including sciences, social sciences, arts, humanities, languages, as well as professional, technical, and vocational subjects.” It also states that “a quality higher education must enable personal accomplishment and enlightenment, constructive public engagement, and productive contribution to the society” and must “prepare students for more meaningful and satisfying lives and work roles and enable economic independence.”

The proposed new 4 year UG program structure “**Adamas University Curriculum and Credit Framework for Undergraduate Programmes 2023**” is based on UGC Curriculum and Credit Framework for Undergraduate Programmes published by the UGC in December 2022. This guideline published by the UGC follows the philosophy embedded in the New Education Policy (NEP). It further accommodates The National Higher Education Qualifications Framework (NHEQF), National Skill Qualification Framework (NSQF) as well as the ideas described in National Credit Framework (NCrF).

The general structure presented here which has accommodated all the categories defined in the UGC framework mentioned earlier. The structure proposed has major (core) courses as well as minor courses. Any student majoring in a subject has to take minor from related disciplines as well as from other disciplines. This is described in a nutshell in the details which follow. Along with this a student has to take Ability Enhancement Courses (AEC), Skill Enhancement Courses (SEC), Value Added Courses (VAC), internship as well as Multidisciplinary Courses (MDC). The idea is to allow students attain theoretical as well as experiential learning.

The proposed structure is more or less consistent with those offered by other universities in this state. However, although exit options are mentioned in the UGC and NEP documents for each completed year of UG education, it is proposed that the exit option will be given only at the end of the third year. The student will get Undergraduate degree in the relevant discipline without honours. After the fourth year of study, the student can get a bachelor degree with honours but with two options – B.A. or B.Sc (Honours) or B.A. or B.Sc (Honours with research). Along with that if the student takes at least 50 percent of the minor courses (4 in this case) offered in a related discipline to the major discipline, he or she will get a bachelor degree in the major with minor in the related discipline. Thus a student with B.Sc (honours with or without research) in Economics can pass out with a minor in Mathematics or Statistics.

As is clear from the *UGC guideline, this new 4 year UG course framework is aimed at Humanities, Social Sciences and Science courses* not covered by any other national body. The courses designed by other national bodies like AICTE, BCI, NCTE, PCI, MCI etc. are not covered by this UGC guideline. This is followed in the proposed 4 year UG curriculum designed for ADAMAS University too.

## 2. Curriculum and Credit Framework

### 2.1 Salient Features

- i Flexibility to move from one discipline of study to another
- ii Opportunity for learners to choose the courses of their interest in all disciplines;
- iii Flexibility for learners to move from one institution to another to enable them to have multi and/or interdisciplinary learning;
- iv Flexibility to switch to alternative modes of learning (offline, ODL, and Online learning, and hybrid modes of learning).

### 2.2 Definitions and duration of the programme

- A **semester** comprises 90 working days and an academic year is divided into two semesters.
- A **summer term** is for eight weeks during summer vacation. Internship/apprenticeship/work-based vocational education and training can be carried out during the summer term.

### 2.3 Major and Minor Disciplines

- **Major discipline** is the discipline or subject of main focus and the degree will be awarded in that discipline. Students should secure the prescribed number of credits (about 50% of total credits) through core courses in the major discipline.
- **Minor discipline** helps a student to gain a broader understanding beyond the major discipline.

### 2.4 Awarding Undergraduate Degrees

**3-year UG Degree:** Students who wish to undergo a 3-year UG programme will be awarded UG Degree in the Major discipline after successful completion of three years, securing 127 credits and satisfying the minimum credit requirement as given in structure of the UG programmes

**4-year UG Degree (Honours):** A four-year UG Honours degree in the major discipline will be awarded to those who complete a four-year degree programme with 167 credits and have satisfied the credit requirements as given in structure of the UG programmes.

**4-year UG Degree (Honours with Research):** Students *who secure 75% marks and above in the first six semesters* and wish to undertake research at the undergraduate level can choose a research stream in the fourth year. They should do a research project or dissertation under the guidance of a faculty member of the University/College. The research project/dissertation will be in the major discipline. *The students who secure 167 credits, including 12 credits from a research project/dissertation, are awarded UG Degree (Honours with Research).*

### 2.5 Credit hours for different types of courses

*Each course may have only a lecture component or a lecture and tutorial component or a lecture and practicum component or a lecture, tutorial, and practicum component, or only practicum component.* For example, a three-credit lecture course in a semester means three one-hour lectures per week with each one-

*21/07/23*

hour lecture counted as one credit. In a semester of 15 weeks' duration, a three-credit lecture course is equivalent to 45 hours of teaching.

**One credit for tutorial work means one hour of engagement per week.** In a semester of 15 weeks' duration, a one-credit tutorial in a course is equivalent to 15 hours of engagement.

**A one-credit course in practicum or lab work, community engagement and services, and fieldwork in a semester mean two-hour engagement per week.** In a semester of 15 weeks' duration, a one-credit practicum in a course is equivalent to 30 hours of engagement.

## 2.6 Number of credits by type of course

### a. Major and Minor Courses:

All *discipline-specific courses (major or minor)* may be **4 credits** or as appropriate including tutorials or practical.

### b. Other Courses:

All courses under *the Multi-disciplinary(MDC) and Ability Enhancement (language)(AEC),* categories may be of **3-credits** or as appropriate;

### c. Skill Enhancement Courses:

All courses under *Skill Enhancement (SEC)* categories may be of **2-credits** or as appropriate;

### d. Common Value-Added Courses (VAC):

Courses under *Value Added, Community outreach activities, etc.,* for all majors, may be of **2-credits** or as appropriate;

e. *Summer Internship/ Apprenticeship* may be of 4 credits

d. Final year Research project / *Dissertation* etc., may be of **12 credits**.

## 3. Structure of Undergraduate Programme

### 3.1 Levels of Courses

- i **0-99: Pre-requisite courses**
- ii **100-199: Foundation or introductory courses**
- iii **200-299: Intermediate-level courses**
- iv **300-399: Higher-level courses**
- v **400-499: Advanced courses**

### 3.2 Change of Major

**Change of Major:** Students can opt for a *change of major within the broad discipline* (Natural and Physical Sciences, Mathematical, Statistics, and Computational Sciences, Library, Information and Media Sciences, Commerce and Management, and Humanities and Social Sciences) **at the end of the first year.**

### 3.3 Structure of the UG Programme

- **Minor stream courses can be from the 3rd 300 or above level and 50% of the total credits from minors must be secured in the relevant subject/discipline** and another 50% of the total credits from a minor can be earned from any discipline as per students' choice.

- Students will not be allowed to take the same courses studied in the 12<sup>th</sup> class under the interdisciplinary category.
- Honours students not undertaking research will do 3 courses for 12 credits in lieu of a research project / Dissertation.
- 40% of the credits in any category may be earned through online courses approved by the Department and University as per the existing UGC regulations.
- VIII-Semester core major may be seminar-based with students' presentations and discussions.
- Students may take audit courses without any credits.

Sl. No.	Category of Course	Credit Requirement		
		3-year UG	4-year UG (Hons.)	4-year UG (Hons. With Research)
