**Subject:** Request for permission to advertise recruitment for Technical Assistant on University Website

I am writing to seek your kind permission for publishing an advertisement on the Adamas University website for the recruitment of one Technical Assistant under my research project titled "**Aeroponics assisted AI enabled microgravity plant growth chamber for space crop production**" which is sponsored by IIT Research Park Foundation, Government of India.

The project requires the engagement of a Technical Assistant to support research activities, and the recruitment will be carried out as per the guidelines of the funding agency. We intend to advertise the position on the University website to ensure transparency and to attract suitable candidates.

I kindly request you to grant approval for the same at your earliest convenience. The advertisement details are attached herewith for your reference. Your support in this regard will be highly appreciated. Thank you for your time and consideration.

Sincerely,

Dr Moumita Gangopadhyay  
M. Sc (CU), M. Tech (JU), MBA (ISBM), Ph.D. (Bose Institute)
